CHAIRMAN'S MESSAGE

SHREE TRIBHUVANPRASAD KABRA

Chairman, R R Kabel Limited

Dear Shareholders,

It gives me immense pleasure to present to you Twenty-Eighth Annual Report of the Company.

The past couple of years have seen significant global challenges. We have seen trade wars, global pandemic, geopolitical tensions and supply chain disruptions. FY'22 ended with the onset of war in Europe and a record spike in energy prices. Despite this, India's overall GDP growth estimated for the financial year 2021-22 was 8.7% against a contraction of 6.6% in FY21. According to published reports, growth prospects were upbeat, driven by an uptick in private capex, increased momentum from infrastructure & real estate end-markets.

FY'22 turned out to be one of the best years in recent times for our company. Our overall revenue growth in FY 2022 was 62% over last year, ending at ₹4432 crores (FY'21 ₹ 2738 crores) driven by an increase in volume growth along with a steep increase in Copper & Aluminium prices. With increased volumes coupled with cost efficiencies, we were able to achieve EBITDA of ₹ 350 crores (FY'21 ₹ 252 crores), an increase of 38% over last year. Our Profit after Tax improved by 57% to ₹ 210 crores (FY'21 ₹134 crores). Your company's product lines continue to make inroads into more and more countries across the globe.

The planned vision of Go-To-Market strategy under the name "Project KaRRma" has been extended to pan India basis enabling us to increase our building wire market share. To ensure holistic and sustainable growth, we designed and rolled out one of the best loyalty programmes in the industry for influencers and retailers. We focused on BTL activities and digital marketing strategy to suit the local market conditions. CCC- our rural marketing programme, was rolled out to plug available white spaces. We also rolled out Kabel Star – a programme designed to provide scholarship to the deserving children of our electricians – a well thought initiative to get connected to society at large.

Our employee safety, wellbeing and growth has always been our number one priority. We have established safety systems, standard process and imparted continuous training to ensure that all our employees and contractors follow safe working practices. To give growth opportunities to our employees, we have initiated in-house development centres to build a strong talent pipeline for the future. We conducted a series of employee well-being and training programs to keep them motivated.

This year company invested a considerable amount of resources to have in-house capabilities on various key parameters which have resulted not only in providing transparency but have improved our customer service levels. Amongst others, it includes - Business Intelligence Supply Chain Management software, an integrated demand planning process which helped increase forecast accuracy and on-time delivery in FMEG business, Stock replenishments, atomization, Supply Chain control tower for senior management for better monitoring and visibility.

The company has embarked on an ERP transformation journey through implementation of Microsoft Dynamics-365. This move provides a scalable platform and a unified user experience covering Manufacturing, Finance, Supply Chain and Sales. In addition, the company has transitioned to Microsoft Office365. During the year, cybersecurity awareness programs were conducted throughout the organisation.

In the manufacturing area, we have taken many initiatives to add new products to our ever-expanding product basket. Major focus is on fire safety, HT cables, EV segment and green energy. We are proactively expanding our capacity by adding the latest technology like the state-of-the-art E-Beam plant. The product testing facility is being modified to cater to the stringent testing requirements, both national and global. We are also implementing Industry 4.0 IOT to support our ongoing Lean manufacturing systems.

Our company continues to focus its CSR activities on rural education for the under-privileged deploying 91% of total CSR funds for 1088 FTS schools spread across 9 states in India. Balance funds were deployed for vocational training of women, support for an orphanage and rural healthcare.

We embarked on a new journey to integrate sustainability into our operations with a commitment to continue being a responsible business. While we embed ESG into our way of working, we aim to not only meet the immediate customer expectations, but also become future ready and resilient to climate and other ESG risks. We have prioritized certain action areas and rolled out metrics towards measuring and enhancing our sustainability performance for efficient use of water, enhancing productivity and a safe working environment.

In May'22, our Company acquired the Home Electrical division of Luminous from Schneider Electric. This is the first instance of an Indian Company in this sector acquiring a business from an MNC. We are on a journey of expanding a value-added consumer centric business, which outpaced the industry growth in FY'22 by over 3X. Looking forward, the Luminous Home Electricals Business will be a strong addition to our new chapter of growth, by leveraging its valued capabilities including R&D strength, a state-of-art manufacturing facility, admired product portfolio and most importantly, a dedicated and highly capable team and channel partner network.

With the acquisition made this year along with ongoing capacity expansion and sustainability initiatives, I am quite confident about the future growth prospects of our Company. I take this opportunity to thank my fellow Board members and all other stakeholders, especially, our valued shareholders for reposing their faith and support in us. Together, let us continue this exciting journey and ensure the continued growth of RR Kabel. A lot of credit for the success of the organization can also be attributed to the relentless contribution and hard work of our employees who have been the pillars of our strength. I remain grateful for their efforts and am confident that they will continue to work with the same passion and commitment in the years to come.

Warm regards,
Tribhuvanprasad Kabra

ENVIRONMENTAL, SOCIAL AND GOVERNANCE

WIRED TO A BRIGHTER TOMORROW

For more than two decades, our products have been an integral of people's lives across the world in their homes, offices, factories and other locations. Climate change is one of the most challenging issues of our times, and poses tangible risks in our mission of wiring for a brighter tomorrow. Rapid acceleration of globalization and increasing affluence has led to massive stress on the planet's resources and poses irreversible risks to society at large. As a responsible organization, we are in a position to play an active role in positively impacting society. We embarked on our ESG journey last year with a phased approach of progressing on areas that matter to all our stakeholders.

Our structured approach to ESG began with the articulation of our ESG goals, viz., meeting our customer expectations on sustainability, measuring, monitoring and communicating key metrics and being prepared for the future by being resilient against ESG risks. This was followed by an identification of material ESG issues, gap assessment with respect to existing policies, benchmarking with peers and finalization of key performance indicators (KPIs) to translate the above ESG goals into action. The chosen KPIs are part of some core sustainability themes like emissions & climate change, water, diversity, human capital, environment management system (EMS) and governance. We plan to formalize data capture, measurement, reporting and disclosing on these KPIs across our core functions over the next 1-2 years to ensure progress on our ESG goals.

As a leading company in the electrical cables industry, RR Kabel is fully cognizant of the developments in sustainability, whether it is innovation in our products or effectively serving our clients. Our sustainability efforts will not be limited within the organization, but span across the entire supply chain – promoting optimal use of resources and establishing ourselves as the partner of choice for our customers. Our entire range of wires and cables are ROHS and REACH compliant for distribution in the Indian and overseas market. As we are an energy intensive business, we are committed to resource efficiency and undertake low-cost, efficient operations.

We have completed a baseline assessment of Scope 1 and Scope 2 GHG emissions for FY 2021-22 across 3 manufacturing units, 9 offices and 12 warehouses and are currently in the process of defining emission reduction targets. We have accomplished a significant increase of the groundwater table with our rainwater harvesting efforts over the years in our largest production unit at Waghodia. We have also installed a 1 MW rooftop solar PV at the Waghodia unit and are planning for increased sourcing of renewable energy from third party providers, with a goal of reaching more than 10% of overall energy in the coming 2 years.

We recognize people as our most valuable resource, and their health and well-being are critical to our success. To protect our workforce, we have formulated an enterprise-wide safety system with robust policies and standards under the umbrella of Environment, Health, and Safety (EHS). Our practices under EMS Training - water spillage, energy saving, environmental aspect impact assessment, and O&HS Training - checkpoints for housekeeping, training on fire hydrant, methods of fire extinguishing, general safety, first aid and usage are some companywide illustrations that have further improved safety performance.

As we look ahead to the future, we plan to reinforce our sustainability efforts in areas related to people, supply chain and specific initiatives. A dedicated ESG function with a governance charter is being planned to give further impetus to the KPIs being rolled out across the organization. We plan to drive ESG in our supply chain by implementing supplier audits, integrating ESG in supplier contracts and incorporating ESG factors in supplier reviews.

Globally as well as in India, customers investors and governments are demanding more robust and detailed sustainability disclosures. Our ESG initiatives especially the organization-wide rollout of KPIs, are ultimately geared towards improving disclosures for our stakeholders.

Our efforts don't stop here for we are — wired to a brighter tomorrow!

DIRECTORS' REPORT

Dear Members,

Directors of the Company are pleased to present the Twenty-Eighth Annual Report, together with the Standalone and Consolidated Audited Financial Statements of the Company for the year ended 31 March 2022.

➤ FINANCIAL SUMMARY AND HIGHLIGHTS

The Company's performance during the year as compared with the previous year is summarized below:

(₹ In Lakhs)

PARTICULARS	FY 2021-22	FY 2020-21
Revenue from Operations	438593.62	271594.22
Other Income	4628.03	2199.51
Operating profit before Finance Cost, Depreciation, Tax and Extraordinary items	34952.82	25214.11
Less: Depreciation and amortization expenses	4608.51	4475.09
Finance Cost	2328.34	2705.63
Profit before tax	28015.97	18033.39
Less: Tax	7042.19	4603.59
Profit for the year	20973.78	13429.80
Other Comprehensive Income	1645.38	765.86
Total Comprehensive Income	22619.16	14195.66

➤ OUTLOOK AND OPERATIONS

The pandemic and climate concerns resulted in shortages of key inputs and dampened manufacturing activities in numerous countries. The spike in fuel and commodity prices is also driven by the war. Supply shortages and the rise in commodity prices caused consumer price inflation to increase rapidly across the world economy. Global market volatility and commodity price rise, especially crude oil price have impacted the Indian economy as well. However domestic growth rate is gradually improving.

Despite such conditions, the financial year 2021-22 turned out to be one of the best years in recent times for our Company. During the year under review, on a standalone basis, the Company recorded net revenue from operations of ₹ 4,38,594 Lakhs, higher by 62 % compared to ₹ 2,71,594 Lakhs of the last financial year. The Company recorded a net profit of ₹ 20,974 Lakhs during the financial year 2021-22 against a net profit of ₹ 13,430 Lakhs in the previous financial year 2020-21. The Company's EBITDA stood at ₹ 34,953 Lakhs, an increase by 38% over the EBITDA of ₹ 25,214 Lakhs for the last financial year.

➤ EXPANSION

During the year your Company acquired the Home Electrical business from Luminous Power Technologies Private Limited. This acquisition will further strengthen RR Kabel's Fast Moving Electrical Goods business (FMEG), which has a diversified portfolio of fans, lights & appliances. We are confident that the acquisition shall help to expand our services and create greater value for all our customers. As a major player and innovation leader in the wire and cable industry, we believe the acquisition will further strengthen our leading position in India's fast-growing home electrical industry.

➤ SUBSIDIARY, ASSOCIATE AND JOINT VENTURE

The Company has no subsidiary or associate, therefore, disclosures regarding the same are not provided in the report.

However, your Company is a 35% partner in a joint venture with Bangladesh counterpart under the name RR-Imperial Electricals Limited ("RR Imperial").

The Company's investment in joint venture is reported as a non-Current investment and is stated at cost. As per the requirements of the Companies Act, 2013 and IndAs – 27 (Standard on Consolidated Financial Statements) read with IndAs – 21 (Standard on Financial Reporting of Interests in Joint Ventures), the consolidated financials of the Joint Venture have been presented. The details in Form AOC 1 pursuant to first proviso to sub-section (3) of section 129 read with rule 5 of Companies (Accounts) Rules, 2014 are set out in the financial statement forming part of this Report and the said form highlights the financial performance of the joint-venture entity.

DIRECTORS' REPORT (Contd.)

➤ DIVIDEND

Your directors are pleased to inform you that the Board has declared a dividend of ₹ 18 per Equity Share of ₹ 10 each and ₹ 18 per Compulsory Convertible Preference Share of ₹ 1080.33 each, at their meeting held on 22 June 2022, subject to the approval of shareholders. An amount of ₹ 4998.10 Lakhs shall be paid out of net profit for the year ended 31 March 2022 towards the dividend, if declared. The necessary resolutions in this regard have been proposed for the approval of the members at the ensuing Annual General Meeting ("AGM"). Pursuant to the Finance Act, 2020, dividend income is taxable in the hands of the shareholders and the Company is required to deduct tax at source (TDS) from dividend paid to the Members at the prescribed rate as per the Income-tax Act, 1961 and accordingly payment of dividend will be made after deduction of TDS as applicable.

The details are provided in Note: 3A, 3B and 39 of the Notes to Financial statements for the year ended 31 March 2022.
- **INTERNAL AUDIT AND CONTROL:**

Pursuant to section 138 of the Companies Act, 2013, the Board of Directors has appointed M/s Ernst & Young Consulting LLP., Chartered Accountants, as Internal Auditors of the Company. The Audit Committee periodically reviews and implements the recommendations of Internal Auditors.
- **INTERNAL FINANCIAL CONTROL:**

Your Company has effective internal control and risk-mitigation system, which is constantly assessed and strengthened with new/revised standard operating procedures. The Company's internal control system is commensurate with its size, scale and complexities of its operations. The main thrust of an internal audit is to test and review controls, appraisal of risks and business processes, besides benchmark controls with best practices in the industry. The Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of the internal control systems and suggests improvements to strengthen the same. The Audit Committee of the Board of Directors, Statutory Auditors and the Business Heads are periodically apprised of the internal audit findings and corrective actions taken.
- **ENVIRONMENT, SAFETY AND HEALTH:**

Your company is a signatory to UN Global Compact, Caring for Climate and CEO Water Mandate. The commitment to EHS is of the highest level. Occupational Safety and Health is no longer a priority but a VALUE. Employee sensitization towards health and safety is through active participation and celebration of several events on a continuing basis. These include National Road Safety Week and National Safety week.

Your company has implemented ISO 45001:2018, the latest standard on Occupational Health and Safety. The 5S initiative has been taken a step further and designated as 6S to include SAFETY as the 6 S.

Environmental initiatives include observance of Earth Day, World Water Day, and World Environment Day. 3 R has been replaced by 5 R (Reduce, Recycle, Reuse, Refuse, Respect). Conservation of resources is guided more by environmental considerations than by economic ones.

Your company is aware of the Sustainable Development Goals (SDG's) and is working upon all the goals that are applicable to a manufacturing organization. We aim to not only meet the immediate customer expectations but also become future-ready and resilient to climate and other ESG risks. We have prioritized certain action areas and rolled out metrics for measuring and enhancing our sustainability performance.
- **INFORMATION UNDER THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE [PREVENTION, PROHIBITION AND REDRESSAL] ACT 2013**

The Company has in place a policy for the prevention of sexual harassment policy in line with the requirement of the Sexual Harassment Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. Internal committees have been set up to redress complaints received regarding sexual harassment. All employees (permanent, contractual, temporary, trainees) are covered under this policy.

During the year under review, no complaints were received by the Company relating to Sexual harassment.

INDEPENDENT AUDITOR'S REPORT

To the Members of R R Kabel Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of R R Kabel Limited (the "Company") which comprise the standalone balance sheet as at 31 March 2022, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Management's and Board of Directors' Responsibilities for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITOR'S REPORT (Contd.)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. A. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on 31 March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The Company has disclosed the impact of pending litigations as at 31 March 2022 on its financial position in its standalone financial statements - Refer Note 28(A) to the standalone financial statements.
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

INDEPENDENT AUDITOR'S REPORT (Contd.)

- c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- d. (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 54 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or
 - provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 54 to the standalone financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:
- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or
 - provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) above contain any material misstatement.
- e. The final dividend paid by the Company during the year, which was declared in the previous year, is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

As stated in Note 31 to the standalone financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

- C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Annexure A to the Independent Auditor's Report on the Standalone Financial Statements of R R Kabel Limited for the year ended 31 March 2022

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company, except for the following which are not held in the name of the Company:

Description of property	Gross carrying value (in lakhs)	Held in the name of	Whether promoter, director or their relative or employee	Period held- indicate range, where appropriate	Reason for not being held in the name of the Company. Also indicate if in dispute

Freehold land located at Roorkee	147.31	Ram Ratna Electricals Limited	No	2020	The title deed is in the name of erstwhile company that was amalgamated with the Company w.e.f. 01 April 2019 pursuant to scheme of Amalgamation sanctioned by Hon'ble Bombay High Court.
Factory building located at Roorkee	95.05	Ram Ratna Electricals Limited	No	2020	The title deed is in the name of erstwhile company that was amalgamated with the Company w.e.f. 01 April 2019 pursuant to scheme of Amalgamation sanctioned by Hon'ble Bombay High Court.

- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence of receipts/delivery has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or

statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company except for certain immaterial differences.

- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided guarantee or security or granted any advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnership or any other parties during the year. The Company has made investments in mutual funds and granted unsecured loans to other parties in respect of which the requisite information is provided in clause (a) to (f) as below to the extent applicable.
- (a) Based on the audit procedures carried on by us and as per the information and explanations given to us the Company has provided loans to any other parties as below:

(₹ in Lakhs)

Particulars	Loans
Aggregate amount during the year	
Others	63.87
Balance outstanding as at balance sheet date	
Others	27.22

- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the investments made and loans given during the year and the terms and conditions of the grant of loans provided during the year are, prima facie, not prejudicial to the interest of the Company.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, in our opinion the repayment of principal has been stipulated and the repayments or receipts have been regular. Further, the Company has not given any advance in the nature of loan to any party during the year.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan or advance in the nature of loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties.
- (f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.
- (iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans, or provided any guarantee or security as specified under Section 185 and 186 of the Companies Act, 2013 ("the Act"). In respect of the investments made by the Company, in our opinion the provisions of Section 186 of the Act have been complied with.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
- (vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.
- (vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

Annexure B to the Independent Auditor's Report on the standalone financial statements of R R Kabel Limited for the year ended 31 March 2022

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of R R Kabel Limited ("the Company") as of 31 March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT (Contd.)

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

STANDALONE CORPORATE INFORMATION

R R KABEL LIMITED ("the Company") is a Public Company is mainly into the manufacturing of PVC insulated wires and cables, power cables and special cables. The Company has four manufacturing sites in India. The first unit is situated in the UT of Dadra and Nagar Haveli, second unit is situated at Waghodia in the State of Gujarat, third unit of consumer electrical division at Roorkee in the State of Uttarakhand and fourth unit of lighting business at Bengaluru in the State of Karnataka. The company has strategically located its sales offices and depots pan India.

1. SIGNIFICANT ACCOUNTING POLICIES

(A) BASIS OF PREPARATION OF STANDALONE FINANCIAL STATEMENTS

(i) Statement of compliance

The Company prepared its Standalone Financial Statements to comply with the accounting standards specified under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time. These Standalone financial statements include Balance Sheet as at 31 March 2022, the Statement of Profit and Loss including Other Comprehensive Income, Cash flows Statement and Statement of changes in equity for the year ended 31 March 2022, and a summary of significant accounting policies and other explanatory information (together hereinafter referred to as "Standalone Financial Statements").

(ii) Basis of Measurement:

The standalone financial statements for the year ended 31 March 2022 have been prepared on an accrual basis and a historical cost convention except for the following financial assets and liabilities which have been measured at fair value at the end of each reporting period:

- (a) Derivative financial instruments
- (b) Certain financial assets and liabilities (Refer note 37 for accounting policy regarding financial instruments)
- (c) Net defined benefit plan

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Accounting policies and methods of computation followed in the standalone financial statements are same as compared with the annual standalone financial statements for the year ended 31 March 2021.

Current/ Non- Current Classification

Any asset or liability is classified as current if it satisfies any of the following conditions:

- the asset/liability is expected to be realized/settled in the Company's normal operating cycle;
- the asset is intended for sale or consumption;
- the asset/liability is held primarily for the purpose of trading;
- the asset/liability is expected to be realized/settled within twelve months after the reporting period;
- the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.
- All other assets and liabilities are classified as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of product and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

(iii) Functional and Presentation Currency

Items included in the standalone financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The functional and presentation currency of the Company is Indian Rupees (₹).

(B) USE OF ESTIMATES AND JUDGEMENTS

In the course of applying the policies outlined in all notes, the Company is required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised, and future periods are affected.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the standalone financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur. The Company uses the following critical accounting estimates in preparation of its standalone financial statements:

(i) Useful lives of property, plant & equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in current and future periods.

(ii) Impairment of investment in joint-venture

Determining whether the investment in joint venture is impaired requires an estimate in the value in use of investments. The Company reviews its carrying value of investment carried at cost (net of impairment, if any) annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in the statement of profit and loss. In considering the value in use, the Board of Directors have anticipated the future market conditions and other parameters that affect the operations of these entities.

(iii) Provision

The Company estimates the provisions that have present obligations as a result of past events, and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change.

(iv) Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of crystallizing or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognized. Contingent assets are neither recognised nor disclosed in the standalone financial statements.

(v) Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments (Refer note 37 for accounting policy on Fair value measurement of financial instruments).

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

(vi) Provision for income tax and deferred tax assets

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies. Accordingly, the Group exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

(vii) Employee benefits

The accounting of employee benefit plans in the nature of defined benefit requires the Group to use assumptions. These assumptions have been explained under employee benefits note.

(viii) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

(C) OTHER SIGNIFICANT ACCOUNTING POLICIES

(i) Revenue

Revenue from contracts with customers is recognised when control of the goods and services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company assesses promises in the contract that are separate performance obligations to which a portion of transaction price is allocated.

Revenue is measured based on the transaction price as specified in the contract with the customer. It excludes taxes or other amounts collected from customers in its capacity as an agent. In determining the transaction price, the Company considers below, if any:

Variable Consideration: This includes trade discounts, rebates and returns. It is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. It is reassessed at end of each reporting period.

Consideration payable to a customer: Such Amounts are accounted as reduction of transaction price and therefore, of revenue unless the payment to the customer is in exchange for a distinct good or service that the customer transfers to the Company.

Trade Receivable: A receivable represents the Company's right to an amount of consideration that is unconditional i.e. only the passage of time is required before payment of consideration is due.

(ii) Property, Plant and Equipment

An item of property, plant and equipment is recognised as an asset if it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to the costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognised. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items.

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other non-refundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discount or rebate is deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met.

Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life.

Capital work-in-progress includes cost of property, plant and equipment not ready for the intended use as at the balance sheet date. Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as 'capital advances' under other non-current assets.

The cost and related accumulated depreciation are eliminated from the standalone financial statements upon sale or retirement of the property, plant & equipment and the resultant gains or losses are recognised in the statement of profit and loss. Property, Plant & Equipment to be disposed of is reported at the lower of the carrying value or the fair value less cost of sale.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1st April, 2016 measured as per Previous GAAP as the deemed cost of the property, plant and equipment.

On transition to Ind AS, the company has elected to continue the accounting treatment as prescribed under para 48A of AS-11 "The effect of change in foreign currency" monetary items recognised in financial statements for the year ending immediately before the beginning of first Ind AS financial reporting period.

(iii) Intangible Assets

Intangible assets acquired are initially measured at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Following initial recognition, intangible assets with defined useful lives are carried at cost less accumulated amortization and accumulated impairment loss, if any. Internally generated intangibles are not capitalized, and the related expenditure is reflected in statement of profit and loss in the period in which the expenditure is incurred.

Computer Software an intangible asset is measured on initial recognition at cost. Costs comprise of license fees and cost of system integration services and development.

The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. On de-recognition the intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the statement of profit and loss.

(iv) Depreciation on Property, Plant & Equipment and Amortisation of intangible Assets

Depreciation on property, plant and equipment is provided using the straight-line method based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 in consideration with useful life of the assets as estimated by the management.

Intangible Assets with finite lives are amortized on a straight-line basis over the estimated useful economic life. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

The estimated useful lives and residual values are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate and adjusted prospectively, if any.

The estimated useful life of items of property, plant and equipment and intangible Assets are:

Particulars	Years	Particulars	Years
Factory Buildings	30	Office & Other Equipments	5 to 10
Workers Quarters	60	Vehicles	8 to 10
Plant & Equipments	15	Computer / Laptop / Computer hardware	3
Furniture & Fixtures	10	Computer Servers	6
Electrical Installations	10	Computer Software	5

(v) Impairment of Assets

At each balance sheet date, the Company reviews the carrying values of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss (if any).

An impairment loss on such assessment will be recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount of the assets is net selling price or value in use, whichever is higher. While assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognised impairment loss is further provided or reversed depending on changes in the circumstances and to the extent that carrying amount of the assets does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

(vi) Leases

The Company as a lessee

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases), variable lease and low value leases. For these short-term, variable lease and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying value may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

(vii) Investments

Investment in joint venture is carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investments is assessed and written down immediately to its recoverable amount. On disposal of investments in joint venture, the difference between net disposal proceeds and the carrying amounts are recognised in the statement of profit & loss.

Investments in mutual funds are primarily held for the Company's temporary cash requirements and can be readily convertible in cash. These investments are initially recorded at fair value and classified as fair value through profit or loss.

Refer financial instruments accounting policy ix for methods of valuation.

(viii) Inventories:

Raw Materials, Work-in-progress and Finished goods are valued at the lower of cost or net realizable value. The cost is determined using FIFO method.

The cost of Inventories comprises the cost of purchases, the cost of conversion and the cost of packing materials in case of Finished Goods.

The cost of purchase comprises of the purchase price including duties and taxes (other than those subsequently recoverable by the Company from the taxing authorities), freight inward and other expenditure directly attributable to the acquisition but net of trade discount, rebates, duties for import under advance licenses and other similar items.

The cost of conversion comprises of depreciation on factory buildings and plant & machineries, power & fuel, factory management and administration expenses, repairs & maintenance and consumable stores & spares.

Packing Materials, Consumable Stores & Spares and Fuel are valued at lower of cost or net realizable value. The cost is determined using FIFO method.

Scrap is valued at net realizable value.

(ix) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to / deducted from the fair value on initial recognition.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

a) Financial Assets

Cash and bank balances

Cash and bank balances consist of:

- **Cash and cash equivalents** - which includes cash on hand, deposits held at call with banks and other short term deposits which are readily convertible into known amounts of cash, are subject to an insignificant risk of change in value and have maturities of less than one year from the date of such deposits. These balances with banks are unrestricted for withdrawal and usage.
- **Other bank balances** - which includes balances and deposits with banks that are restricted for withdrawal and usage.

Financial assets carried at amortised cost

A financial asset is are subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, using the Effective Interest Rate (EIR) method less impairment, if any, the amortisation of EIR and loss arising from impairment, if any is recognised in the statement of profit and loss.

Financial assets measured at fair value

A financial asset is measured at fair value through other comprehensive income if it is held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Fair value movements are recognised in the other comprehensive income.

The Company in respect of equity instruments (other than equity instruments of joint venture) which are not held for trading has made an irrevocable election to present the subsequent changes in fair value of such equity instruments in other comprehensive income. Such an election is made by the Company on an instrument by instrument basis at the time of initial recognition of such equity investments. On de-recognition, cumulative gain or loss previously recognised in other comprehensive income is reclassified from the equity to retained earnings in the statement of changes in equity.

A financial asset not classified as either amortised cost or at fair value through other comprehensive income is carried at fair value through the statement of profit & loss.

Impairment of financial assets

The Company applies loss allowance using the expected credit loss (ECL) model for the financial assets which are measured at amortised cost and fair value through other comprehensive income. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, ECLs are measured at an amount equal to 12-month ECL, unless there has been a significant increase in credit risk for initial recognition in which case those are measured at lifetime ECL.

De-recognition of Financial Assets

A financial asset is de-recognised only when

- The contractual rights to cash flows from the financial asset expires
- The Company has transferred the contractual rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

b) Financial Liabilities

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

Interest bearing loans and overdrafts are initially measured at fair value, and are subsequently measured at amortised cost using effective interest rate method. Any difference between proceeds (net of transaction cost) and the settlement amount of borrowing is recognised over the terms of the borrowings in the statement of profit and loss.

De-recognition

A financial liability is de-recognised when the obligation specified in the contract is discharged, cancelled or has expired.

c) Financial Guarantee Contracts

Financial guarantee contracts are those contracts that require specific payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value adjusted for transaction cost that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

d) Derivative financial instruments

The Company enters into derivative financial contracts in the nature of forward currency contracts with banks to reduce business risks which arise from its exposures to foreign exchange. The instruments are employed as hedges of transactions included in the standalone financial statements or for highly probable forecast transactions/firm contractual commitments.

Derivatives are initially accounted for and measured at fair value from the date the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. Any change therein is generally recognised in the statement of profit and loss. Derivatives are carried as financial assets when fair value is positive & as financial liabilities when fair value is negative.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

e) **Offsetting Financial Instruments**

Financial assets and liabilities are off-set and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(x) **Fair Value Measurement**

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for asset or liability or in the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows:

- Level 1 — quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3 — inputs that are unobservable for the asset or liability

For assets and liabilities that are recognized in the standalone financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

(xi) **Provisions, Contingent Liabilities and Contingent Assets**

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. These are reviewed at each year end and reflect the best current estimate. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of Management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are neither recognised nor disclosed in the standalone financial statements.

(xii) **Government Grant**

Government grants are recognised when there is reasonable assurance that the grant will be received, and the company will comply with all the attached conditions. When the grant relates to revenue expense, it is recognised as an income on a systematic basis over the period necessary to match it with the expenses that it is intended to compensate. Government grant related to expenditure on property, plant & equipment is included as cost of property, plant & equipment and is credited to the statement of profit & loss over the useful lives of

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

qualifying assets or credited to the statement of profit & loss over the period in which the corresponding export obligation is fulfilled. Total grants availed less the amounts credited to the statement of profit and loss at the balance sheet date is included in the balance sheet as deferred income.

(xiii) Employee Benefits

a) Short Term Obligations

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

b) Post-Employment Benefits

(i) Defined benefit plan

The Company's net obligation in respect of an approved gratuity plan, which is defined benefit plan, is calculated using the projected unit credit method and the same is carried out by qualified actuary. The current service cost and interest on the net defined benefit liability / (asset) is recognized in the statement of profit and loss. Past service cost is immediately recognized in the statement of profit and loss. Actuarial gains and losses net of deferred taxes arising from experience adjustment and changes in actuarial assumptions are recognized in other comprehensive income in the period in which they arise.

ii) Defined contribution plan

A Defined Contribution Plan is plan under which the Company makes contribution to Employee's Provident Fund and Employees State Insurance Contribution Fund administrated by the Central Government. The Company's contribution is charged to the Statement of Profit & Loss.

c) Other Long-Term Employee Benefits – Compensated absence and earned leave

The liability towards leave salary which is not expected to be settled wholly within 12 months after the end of the period in which the employees render the related services is recognized based on actuarial valuation carried out using the Projected Unit Credit Method.

(xiv) Borrowing Cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized, if any. All other borrowing costs are expensed in the period in which they occur.

(xv) Income Taxes

Tax expenses for the year comprises current tax and deferred tax.

Current Tax

Current tax is the amount of income tax payable in respect of taxable profit for the year. Taxable profit differs from net profit as reported in the statement of profit & loss because taxable profit is adjusted for items of income or expenses which are taxable or deductible in other years and also for items which are never taxable or deductible under the Income Tax Act, 1961("the IT Act").

The Company's liability for current tax is calculated using tax rates and tax laws that have been enacted by the end of reporting period.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the standalone financial statements and the corresponding tax bases used in the computation of taxable profit under the I T Act.

Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affects neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that have been enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in statement of profit and loss, except to the extent that it relates to items recognised in Other Comprehensive Income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(xvi) Segment Reporting

Operating segment is a component of an entity whose operating results are regularly reviewed by the Chief Operating Decision Maker (CODM) to make decision about resource to be allocated to the segment and assess its performance and accordingly information of two reportable segments (Wires & Cables and Consumer Electricals) have been disclosed.

(xvii) Employee Share Based Payment

Equity- settled share- based payments to employees are measured at the fair value of the employee stock options at the grant. The fair value determined at the grant date of the equity- settled share - based payments is amortised over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in the Standalone Statement of Profit and Loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the Share Option Outstanding.

The Company measures the cost of equity- settled transactions with employees using Black- Scholes model to determine the fair value of the liability incurred on the grant date. Estimating fair value for share- based payment transactions require determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them.

The dilutive effect, if any of outstanding options is reflected as additional share dilution in computation of diluted earnings per share.

The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in Note 49.

(xviii) Statement of Cash Flow

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effect of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cashflows. The cash flows from operating, investing and financing activities of the Company are segregated.

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less to be cash and cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

For the purposes of cash flow statement cash and cash equivalents consist of cash and short-term deposits, as defined above.

(xix) Events after Reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions which existed at the end of the reporting period, the impact of such events is adjusted within the standalone financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

(xx) Earnings per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity share outstanding during the period.

For the purpose calculating Diluted Earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xxi) Research and Development

Research and Development expenditure of a revenue nature is expensed out under the respective heads of account in the year in which it is incurred.

Fixed assets utilized for research and development are capitalized and depreciated in accordance with the policies stated for Property, plant & equipment and Intangible Assets.

(xxii) Other Income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Export entitlements are recognized as income when right to receive credit as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

Dividend income is recognized when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of dividend can be measured reliably.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

(xxiii) Recent pronouncements

Recent accounting pronouncements Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from 1-Apr-2022, as below:

a) **Ind AS 16- Proceeds before intended use**

The amendments clarify that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the profit or loss but deducted from the directly attributable costs considered as a part of cost of an item of property, plant and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

b) **Ind AS 103- Reference to Conceptual Framework**

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired, and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

c) **Ind AS 37 - Onerous Contracts**

Costs of Fulfilling a Contract The amendments specify that that the ‘cost of fulfilling’ a contract comprises the ‘costs that relate directly to the contract’. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (example would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification, and the Company does not expect the amendment to have any significant impact in its financial statements.

The amendments are extensive, and the Company is evaluating the same.

Note 35 : Employee Benefits

A) Defined Benefit Plan- Gratuity (Funded)

The employees' Gratuity Fund Scheme, is a defined benefit plan. The scheme is maintained and administered by Life Insurance Corporation of India (LIC) to which the Company makes periodical contributions. Under the said scheme, every employee who has completed at least five years of service usually gets gratuity on departure @ 15 days of last drawn salary for each completed year of service. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method.

The following table summaries the components of net benefit expense recognised in the statement of profit & loss and the funded status and amounts recognised in the balance sheet :

- i) The average duration of the defined benefit plan obligation at the end of the reporting period is 7.30 years (P.Y. 8.64 years)
- ii) The estimates of rate of escalation in salaries considered in actuarial valuation, takes into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.
- iii) Discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for the estimated term of the obligations.
- iv) The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. The sensitivity analysis may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis the present value of defined benefit obligation has been calculated using the projected unit credit method.
- v) The Company's Gratuity Fund is managed by Life Insurance Corporation of India. The plan assets under the fund are deposited under State and Central Government Securities, Money market instruments such as NCD / Bonds etc and in equity as mentioned below:

policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in an increase in liability without corresponding increase in the asset).

B) Defined Contribution Plan - Provident fund and Employees state insurance

The Company makes its contribution along with the share of employees' contribution deducted from salary on monthly basis to Employees' Provident Fund and Employees state insurance corporation administered by the Central and state Government respectively. The Company's Contribution is charged to Statement of Profit & Loss. The Company has no obligation for any further contribution in case of any shortfall. The details of contribution are as under :-

Upon the application of Ind AS 109 - Financial Instruments, the Company has chosen to measure said investments in equity instrument at FVTOCI irrevocably as the management believes that presenting fair value gains and losses relating to the said investments in the statement of profit and loss may not be indicative of the performance of the Company.

Note 37.2 Investment in joint venture amounting to ₹1,637.31 Lakhs (31.03.2021 ₹1,637.31 Lakhs) are measured at cost in accordance with Ind AS 27 requirements since the same is scoped out of Ind AS -109 for the purpose of measurement, the same have not been disclosed in tables above.

B) Fair Value Measurements

- (i) All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows:

Level 1 — quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 — inputs that are unobservable for the asset or liability.

- (ii) The following tables provide the fair value measurement hierarchy of the Company's financial assets and liabilities:

The carrying amounts of financial assets and financial liabilities measured at amortised cost in the financial statements are reasonable approximation of their fair values since the Company does not anticipate that the carrying amount would be significantly different from the value that would eventually be received or settled.

Management uses its best judgment in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realised or paid in sale transactions as of respective dates. As such, fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.

There have been no transfers between Level 1 and Level 2 for the years ended 31st March, 2022 and 31st March, 2021.

C) Financial Risk Management- Objectives and Policies

The Company is exposed to: (a) Market Risks comprising of Interest Rate Risk, Currency Rate Risk, Commodity Price Risk and Equity Price Risk (b) Liquidity Risk (c) Credit Risk comprising of trade receivable risk and financial instrument risk and . The Company has well placed Risk Management Policy (RMP). The policy provide broad guidelines to identify the risk arising from these factors and provide guidelines to the team for its mitigation or at-least minimize its effect on income / expense of the Company . Team involved in RMP meets frequently to discuss the level of risk they foresee based on the conditions persisting.

The Company's exposure to Market Risk, Liquidity Risk and Credit Risk have been summarized below:

Market Risk :-

Interest Rate Risk:

Interest rate risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk on short-term and long-term floating rate interest bearing liabilities. The Company's policy is to maintain a balance of fixed and floating interest rate borrowings and the proportion of fixed and floating rate debt is determined by prevailing interest rates. These exposures are reviewed by the management on a periodic basis.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

The exposure of the Company's financial liabilities to interest rate risk based on liabilities as at reporting date is as follows:
(₹ in Lakhs)

Particulars	Impact on profit before tax	
	2021-22	2020-21
Increase in interest rate by 100 basis points	520.20	497.72
Decrease in interest rate by 100 basis points	(520.20)	(497.72)

(Calculated based on risk exposure outstanding as of date and assuming that all other variables, in particular foreign currency rates, remain constant).

Foreign Currency Risk:

The Company is exposed to fluctuations in foreign currency exchange rates where transaction references more than one currency and/or where assets/liabilities are denominated in a currency other than the functional currency of the Company.

Exposures on foreign currency are managed through a hedging policy, which is reviewed periodically by the management. The Company usually enters into forward exchange contracts progressively based on their maturity to hedge the effects of movements in foreign currency exchange rates individually on assets and liabilities. The sources of foreign exchange risk for the Company are trade receivables, trade payables for imported materials & capital goods as well as foreign currency denominated borrowings. The policy of the Company is to determine on a regular basis what portion of the foreign exchange risk are to be hedged through forward exchange contracts.

The exposure of the Company's foreign currency risk based on unhedged exposure as at the reporting date is as follows:
(₹ in Lakhs)

Particulars	Impact on profit before tax	
	2021-22	2020-21
Increase in exchange rates by 5%	450.00	410.86
Decrease in exchange rates by 5%	(450.00)	(410.86)

Commodity Price Risk

The Company is exposed to the movement of copper and aluminium prices on the London Metal Exchange (LME). Any increase or decline in the prices of these commodities will have an impact on the profitability of the Company. As a general policy, the Company aims to purchase these commodities at prevailing market prices and also sell the products at price adjusted for prevailing market prices. The Company substantially ensures sale of products with simultaneous purchase of these commodities on back-to back basis ensuring no or minimum price risk for the Company.

Equity Price Risk

Equity price risk relates to change in fair value of investments in the equity instruments measured at fair value through OCI. As at March 31, 2022 the carrying value of such equity instruments recognised at fair value through OCI amounts to ₹ 4,055.61 Lakhs (P.Y. 31.03.2021 ₹ 2,345.85 Lakhs). The price risk arises due to uncertainties about the future market values of these investments and the same is classified in the balance sheet as fair value through OCI.

A sensitivity analysis demonstrating the impact of change in the carrying value of investment in equity instrument as at reporting date is given below:

Particulars	Impact on OCI before tax	
	2021-22	2020-21
Increase by 5%	202.78	117.29
Decrease by 5%	(202.78)	(117.29)

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

Liquidity Risk

Liquidity risk refers to the risk that the Company encounter difficulty in raising fund to meet its financial commitments. The objective of liquidity risk management is to maintain the liquidity and to ensure that funds are available for short operational needs and to fund Company's expansion projects. The Company has availed credit facility from the banks & financial institutions to meet its financial commitment in timely and cost effective manner.

The Company remains committed to maintaining a healthy liquidity and gearing ratio and strengthening the balance sheet. The maturity profile of the Company's financial liabilities based on the remaining period from the date of balance sheet to the contractual maturity date is given in the table below.

Credit Risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company is exposed to credit risk for trade receivables and financial guarantees to dealers, derivative financial instruments and other financial assets.

The Company assess the counter party before entering into transactions and wherever necessary supplies are made against advance payment. The Company on continuous basis monitor the credit limit of the counter parties to mitigate or minimize the credit risk. The credit risk for the financial guarantees issued by the Company to banks for credit facilities availed by Company's dealers from bank is minimum as those parties have long vintage with the Company and they are also subject to credit risk assessment by bank on periodical basis. The credit risk on export receivables are limited as almost all export sales are made to parties having a long vintage with the Company and new parties are subject to necessary due diligence.

For trade receivables and financial guarantees, as a practical expedient, the Company computes credit loss allowance based on expected credit loss method. The movement in expected credit loss allowance is as under:

Note 38 : Segment Information

The Company has presented data relating to its segments based on its financial statements. Accordingly, in terms of paragraph 4 of the Indian Accounting Standard (Ind AS 108) "Operating Segments", disclosures related to segments are presented.

Identification of segments

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

The Board of directors monitors the operating results of all product segments separately for the purpose of making decisions about resource allocation and performance assessment based on an analysis of various performance indicators by business segments and geographic segments.

Segment revenue and expenses:

It has been identified to a segment on the basis of relationship to operating activities of the segment. The Company generally accounts for intersegment sales and transfers at cost plus appropriate margins. Intersegment revenue and profit is eliminated at company level.

Finance income earned and finance expense incurred are not allocated to individual segment and the same has been reflected at the Company level for segment reporting as the underlying instruments are managed on a company.

Segment assets and liabilities:

Segment assets and segment liabilities represent assets and liabilities of respective segments, however the assets and liabilities not identifiable or allocable on reasonable basis being related to enterprise as a whole have been grouped as unallocable. The accounting policies of the reportable segments are same as that of company's accounting policies described. The Company is organised into business units based on its products and services and has two reportable segments as follows.

Wire and Cable: Manufacture and sale of wires and cables.

Consumer electrical goods : Fans, LED lighting, switches, switchgears, water heaters and domestic appliances.

A) The following summary describes the operations in each of the Company's reportable segments:

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

Note 40: Right of use assets :

i) The Company as a lessee

The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the co assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the co has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases), variable lease and low value leases. For these short-term, variable lease and low value leases, the co recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the co changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

ii) The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-to-use asset, and finance cost for interest accrued on lease liability.

iii) Others

- (a) Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date
- (b) Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application, variable lease and low value asset.
- (c) Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.
- (d) Applied the practical expedient in the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.
- (e) The effective interest rate for lease liabilities is 9.22% p.a., with maturity between 2021-2027.

The changes in the carrying value of right of use for the year ended 31 March 2022 are shown in Note no 2(D)

INDEPENDENT AUDITOR'S REPORT

To the Members of R R Kabel Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of R R Kabel Limited (hereinafter referred to as the "Company"), and its joint venture, which comprise the consolidated balance sheet as at 31 March 2022, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of report of the other auditors on separate financial statements of joint venture were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Company and its joint venture as at 31 March 2022, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Company and its joint venture in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of report of the other auditors referred to in paragraph (a) of the "Other Matters" section below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements

The Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Company and its joint venture in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the Company and its joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the Company and its joint venture are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Company and its joint venture are responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

INDEPENDENT AUDITORS' REPORT (Contd.)

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its joint venture to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial statements of such entities or business activities within the Company and its joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entity included in the consolidated financial statements, which has been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in paragraph (a) of the section titled "Other Matters" in this audit report.

We communicate with those charged with governance of the Company and such other entity included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter(s)

The consolidated financial statements include the Company's share of net profit (including other comprehensive income) of Rs. 419.71 lakhs for the year ended 31 March 2022, in respect of one joint venture, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this joint venture, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid joint venture is based solely on the reports of the other auditors.

The above joint venture is located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective country and which have been audited by other auditors under generally accepted auditing standards applicable in their respective country. The Company's management has converted the financial statements of such joint venture located outside India from accounting principles generally accepted in their respective country to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company's management. Our opinion in so far as it relates to the balances and affairs of such joint venture located outside India is based on the reports of other auditors and the conversion adjustments prepared by the management of the Company and audited by us.

INDEPENDENT AUDITORS' REPORT (Contd.)

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2A. As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate financial statements of the joint venture as were audited by other auditors, as noted in the "Other Matters" paragraph, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c. The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors of the Company as on 31 March 2022 taken on record by the Board of Directors of the Company, none of the directors of the Company, is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements of the joint venture, as noted in the "Other Matters" paragraph:
 - a. The consolidated financial statements disclose the impact of pending litigations as at 31 March 2022 on the consolidated financial position of the Company and its joint venture. Refer Note 28(A) to the consolidated financial statements.
 - b. The Company and its joint venture did not have any material foreseeable losses on long-term contracts including derivative contracts during the year ended 31 March 2022.
 - c. There are no amounts which are required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2022.
 - d. (i) The management of the Company has represented to us that, to the best of its knowledge and belief, as disclosed in the Note 54 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or
 - provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (ii) The management of the Company has represented to us that, to the best of its knowledge and belief, as disclosed in the Note 54 to the consolidated financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:

INDEPENDENT AUDITORS' REPORT (Contd.)

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or
- provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) above contain any material misstatement.

- e. The final dividend paid by the Company during the year, which was declared in the previous year, is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

As stated in Note 31 to the consolidated financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

- C. With respect to the matter to be included in the Auditor's report under Section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid during the current year by the Company to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Company is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS OF R R KABEL LIMITED FOR THE YEAR ENDED 31 MARCH 2022
REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE AFORESAID CONSOLIDATED FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE ACT
(REFERRED TO IN PARAGRAPH 2(A)(F) UNDER 'REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS' SECTION OF OUR REPORT OF EVEN DATE

Opinion

In conjunction with our audit of the consolidated financial statements of R R Kabel Limited (hereinafter referred to as "the Company") as of and for the year ended 31 March 2022, we have audited the internal financial controls with reference to financial statements of the Company, as of that date.

In our opinion, the Company, incorporated in India, has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate..

The first unit is situated in the UT of Dadra and Nagar Haveli, second unit is situated at waghodia in the State of Gujarat, third unit of consumer electrical division at Roorkee in the state of Uttarakhand and fourth unit of lighting business at Bengaluru in the state of Karnataka. The group has strategically located its sales offices and depots pan India.

The Scheme of Amalgamation of Ram Ratna Electricals Limited with R R Kabel Limited, was approved by the National Company Law Tribunal, Mumbai Bench vide their orders dated August 19, 2020. The group had carried out the accounting prescribed in the Scheme and made the required disclosure for Amalgamations in the nature of merger, as required under Appendix C of Ind AS 103 Business Combinations, for Business Combinations of entities under "Common Control". RREL is engaged in the business of manufacturing, trading and otherwise dealing in consumer electrical, such as fans and lights, and consumer appliances such as water heaters, heat convectors, electric irons and switches and similar products.

The Joint venture is engaged in the business of manufacturing of enamelled winding wires, strips, PVC Insulated wires and cables.

The consolidated financial statements as at March 31, 2022 present the consolidated financial position of the Group & Joint venture. The consolidated financial statements were approved by the Board of Directors and authorized for issue on June 22, 2022.

The functional and presentation currency of the group is Indian Rupees (₹) which is the currency of the primary economic environment in which the Group operates.

1. SIGNIFICANT ACCOUNTING POLICIES

(A) BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS

(i) Statement of compliance

The Group has prepared its Consolidated Financial Statements to comply with the accounting standards specified under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time. These Consolidated financial statements include Balance Sheet as at 31 March 2022, the Statement of Profit and Loss including Other Comprehensive Income, Cash flows Statement and Statement of changes in equity for the year ended 31 March 2022, and a summary of significant accounting policies and other explanatory information (together hereinafter referred to as "Consolidated Financial Statements").

(ii) Basis of Measurement:

The consolidated financial statements for the year ended 31 March 2022 have been prepared on an accrual basis and a historical cost convention except for the following financial assets and liabilities which have been measured at fair value at the end of each reporting period:

- (a) Derivative financial instruments
- (b) Certain financial assets and liabilities (Refer note 37 for accounting policy regarding financial instruments)
- (c) Net defined benefit plan

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Accounting policies and methods of computation followed in the consolidated financial statements are same as compared with the annual consolidated financial statements for the year ended 31 March 2021.

Current/ Non- Current Classification

Any asset or liability is classified as current if it satisfies any of the following conditions:

- the asset/liability is expected to be realized/settled in the Group's normal operating cycle;
- the asset is intended for sale or consumption;

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

- the asset/liability is held primarily for the purpose of trading;
- the asset/liability is expected to be realized/settled within twelve months after the reporting period;
- the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- in the case of a liability, the Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.
- All other assets and liabilities are classified as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Group has ascertained its normal operating cycle as twelve months. This is based on the nature of product and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

(iii) Functional and Presentation Currency

Items included in the consolidated financial statements of the Group are measured using the currency of the primary economic environment in which the Group and the Joint venture operates ('the functional currency'). The functional and presentation currency of the Group and the Joint venture is Indian Rupees (₹).

(B) USE OF ESTIMATES AND JUDGEMENTS

In the course of applying the policies outlined in all notes, the Group is required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised, and future periods are affected.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur. The Group uses the following critical accounting estimates in preparation of its consolidated financial statements:

(i) Useful lives of property, plant & equipment

The Group reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in current and future periods.

(ii) Impairment of investments in joint- ventures

Determining whether the investment in joint ventures is impaired requires an estimate in the value in use of investments. The Group reviews its carrying value of investment carried at cost (net of impairment, if any) annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in the statement of profit and loss. In considering the value in use, the Board of Directors have anticipated the future market conditions and other parameters that affect the operations of these entities.

(iii) Provision

The Group estimates the provisions that have present obligations as a result of past events, and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change.

(iv) Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Group. Potential liabilities that are possible but not probable of crystallizing or are very difficult to quantify reliably

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognized. Contingent assets are neither recognized nor disclosed in the consolidated financial statements.

(v) Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments (Refer note 37 for accounting policy on Fair value measurement of financial instruments).

(vi) Provision for income tax and deferred tax assets

The Group uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies. Accordingly, the Group exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

(vii) Employee benefits

The accounting of employee benefit plans in the nature of defined benefit requires the group to use assumptions. These assumptions have been explained under employee benefits note.

(viii) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

(i) KEY ACCOUNTING ESTIMATES, JUDGEMENTS AND ASSUMPTIONS

The preparation of Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, expenses and the aging disclosures and disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in the outcomes requiring adjustment to the carrying amounts of assets or liabilities in future periods. The estimates and the associated assumptions are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the consolidated financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the consolidated financial statements. Changes in accounting estimates are recognised prospectively.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

Significant judgements and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment and intangible assets, impairment of property, plant and equipment, intangible assets and investments, provision for employee benefits and other provisions, valuation of inventories, recoverability of deferred tax assets, commitments and contingencies.

(ii) Basis of consolidation of Joint Venture

The joint venture is an arrangement in which two or more parties have joint control. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decision about the relevant activities require the unanimous consent of the parties sharing control.

The Group's investment in joint venture is accounted for using the equity method. Under the equity method, the investment in a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the joint arrangement since the acquisition date. Goodwill, if any relating to the joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The consolidated statement of profit and loss reflects the Group's share of the results of jointly controlled entity. Any change in OCI of the jointly controlled entity is presented as part of the Group's OCI. Unrealised gains and losses resulting from inter-group transactions between the Group and the joint venture are eliminated to the extent of the interest in the joint venture.

If Group's share of losses of a joint venture exceeds its interest in that joint venture, the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the joint venture. If the joint venture subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognized.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the joint venture and its carrying value, and then recognises the loss as share of profit of a joint venture in the consolidated statement of profit or loss.

(C) OTHER SIGNIFICANT ACCOUNTING POLICIES

(i) Revenue

Revenue from contracts with customers is recognised when control of the goods and services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The Group assesses promises in the contract that are separate performance obligations to which a portion of transaction price is allocated.

Revenue is measured based on the transaction price as specified in the contract with the customer. It excludes taxes or other amounts collected from customers in its capacity as an agent. In determining the transaction price, the Group considers below, if any:

Variable Consideration: This includes trade discounts, rebates and returns. It is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. It is reassessed at end of each reporting period.

Consideration payable to a customer: Such Amounts are accounted as reduction of transaction price and therefore, of revenue unless the payment to the customer is in exchange for a distinct good or service that the customer transfers to the Group.

Trade Receivable: A receivable represents the Group's right to an amount of consideration that is unconditional i.e., only the passage of time is required before payment of consideration is due.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

(ii) Property, Plant and Equipment

An item of property, plant and equipment is recognised as an asset if it is probable that the future economic benefits associated with the item will flow to the Group and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to the costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognised. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items.

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other non-refundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discount or rebate is deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met.

Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life.

Capital work-in-progress includes cost of property, plant and equipment not ready for the intended use as at the balance sheet date. Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as 'capital advances' under other non-current assets.

The cost and related accumulated depreciation are eliminated from the consolidated financial statements upon sale or retirement of the property, plant & equipment and the resultant gains or losses are recognised in the statement of profit and loss. Property, Plant & Equipment to be disposed of is reported at the lower of the carrying value or the fair value less cost of sale.

On transition to Ind AS, the has elected to continue with the carrying value of all of its property, plant and equipment recognised as at April 1, 2016 measured as per Previous GAAP as the deemed cost of the property, plant and equipment.

On transition to Ind AS, the company has elected to continue the accounting treatment as prescribed under para 48A of AS-11 "The effect of change in foreign currency" monetary items recognised in financial statements for the year ending immediately before the beginning of first Ind AS financial reporting period.

(iii) Intangible Assets

Intangible assets acquired are initially measured at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Following initial recognition, intangible assets with defined useful lives are carried at cost less accumulated amortization and accumulated impairment loss, if any. Internally generated intangibles are not capitalized, and the related expenditure is reflected in consolidated statement of profit and loss in the period in which the expenditure is incurred.

Computer Software an intangible asset is measured on initial recognition at cost. Costs comprise of license fees and cost of system integration services and development.

The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. On de-recognition the intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the statement of profit and loss.

(iv) Depreciation on Property, Plant & Equipment and Amortisation of intangible Assets

Depreciation on property, plant and equipment is provided using the straight-line method based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 in consideration with useful life of the assets as estimated by the management.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

Intangible Assets with finite lives are amortized on a straight-line basis over the estimated useful economic life. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss.

The estimated useful lives and residual values are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate and adjusted prospectively, if any.

The estimated useful life of items of property, plant and equipment and intangible Assets are:

Particulars	Years	Particulars	Years
Factory Buildings	30	Office & Other Equipment	5 to 10
Workers Quarters	60	Vehicles	8 to 10
Plant & Equipment	15	Computer / Laptop / Computer hardware	3
Furniture & Fixtures	10	Computer Servers	6
Electrical Installations	10	Computer Software	5

(v) Impairment of Assets

At each balance sheet date, the Group reviews the carrying values of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss (if any).

An impairment loss on such assessment will be recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount of the assets is net selling price or value in use, whichever is higher. While assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognised impairment loss is further provided or reversed depending on changes in the circumstances and to the extent that carrying amount of the assets does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

(vi) Leases

The Group as a lessee

The Group's lease asset classes primarily consist of leases for land and buildings. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the assesses whether:(i) the contract involves the use of an identified asset (ii) the has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the has the right to direct the use of the asset.

At the date of commencement of the lease, the recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases), variable lease and low value leases. For these short-term, variable lease and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying value may not be recoverable. For the purpose

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Group as a lessor

Leases for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

(vii) Investments

Investments in mutual funds are primarily held for the group's temporary cash requirements and can be readily convertible in cash. These investments are initially recorded at fair value and classified as fair value through profit or loss.

Refer financial instruments accounting policy ix for methods of valuation.

(viii) Inventories:

Raw Materials, Work-in-progress and Finished goods are valued at the lower of cost or net realizable value. The cost is determined using FIFO method.

The cost of Inventories comprises the cost of purchases, the cost of conversion and the cost of packing materials in case of Finished Goods.

The cost of purchase comprises of the purchase price including duties and taxes (other than those subsequently recoverable by the Group from the taxing authorities), freight inward and other expenditure directly attributable to the acquisition but net of trade discount, rebates, duties for import under advance licenses and other similar items.

The cost of conversion comprises of depreciation on factory buildings and plant & machineries, power & fuel, factory management and administration expenses, repairs & maintenance and consumable stores & spares.

Packing Materials, Consumable Stores & Spares and Fuel are valued at lower of cost or net realizable value. The cost is determined using FIFO method.

Scrap is valued at net realizable value.

(ix) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

The Group recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to / deducted from the fair value on initial recognition.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

a) Financial Assets

Cash and bank balances

Cash and bank balances consist of:

- **Cash and cash equivalents** - which includes cash on hand, deposits held at call with banks and other short-term deposits which are readily convertible into known amounts of cash, are subject to an insignificant risk of change in value and have maturities of less than one year from the date of such deposits. These balances with banks are unrestricted for withdrawal and usage.
- **Other bank balances** - which includes balances and deposits with banks that are restricted for withdrawal and usage.

Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, using the Effective Interest Rate (EIR) method less impairment, if any, the amortisation of EIR and loss arising from impairment, if any is recognised in the consolidated statement of profit and loss.

Financial assets measured at fair value

A financial asset is measured at fair value through other comprehensive income if it is held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Fair value movements are recognised in the other comprehensive income.

The Group and the Joint venture in respect of equity instruments (other than equity instruments of joint venture) which are not held for trading has made an irrevocable election to present the subsequent changes in fair value of such equity instruments in other comprehensive income. Such an election is made by the Group on an instrument-by-instrument basis at the time of initial recognition of such equity investments. On de-recognition, cumulative gain or loss previously recognised in other comprehensive income is reclassified from the equity to retained earnings in the statement of changes in equity.

A financial asset not classified as either amortised cost or at fair value through other comprehensive income is carried at fair value through the consolidated statement of profit & loss.

Impairment of financial assets

The Group and the Joint venture applies loss allowance using the expected credit loss (ECL) model for the financial assets which are measured at amortised cost and fair value through other comprehensive income. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, ECLs are measured at an amount equal to 12-month ECL, unless there has been a significant increase in credit risk for initial recognition in which case those are measured at lifetime ECL.

De-recognition of Financial Assets

A financial asset is de-recognised only when

- The contractual rights to cash flows from the financial asset expires
- The Group and the Jointly Controlled Entity has transferred the contractual rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

Where the Group and the Joint venture has transferred an asset, the Group and the Joint venture evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the group and the Joint venture has not retained control of the financial asset. Where the Group and the Joint venture retain control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

b) Financial Liabilities

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group and the Joint venture are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group and the Joint venture after deducting all its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or losses are measured at fair value with all changes in fair value recognised in the consolidated statement of profit and loss.

Interest bearing loans and overdrafts are initially measured at fair value, and are subsequently measured at amortised cost using effective interest rate method. Any difference between proceeds (net of transaction cost) and the settlement amount of borrowing is recognised over the terms of the borrowings in the consolidated statement of profit and loss.

De-recognition

A financial liability is de-recognised when the obligation specified in the contract is discharged, cancelled or has expired.

c) Financial Guarantee Contracts

Financial guarantee contracts are those contracts that require specific payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value adjusted for transaction cost that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

d) Derivative financial instruments

The Group and the Joint venture enters into derivative financial contracts in the nature of forward currency contracts with banks to reduce business risks which arise from its exposures to foreign exchange. The instruments are employed as hedges of transactions included in the consolidated financial statements or for highly probable forecast transactions / firm contractual commitments.

Derivatives are initially accounted for and measured at fair value from the date the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. Any change therein is generally recognised in the consolidated statement of profit and loss. Derivatives are carried as financial assets when fair value is positive & as financial liabilities when fair value is negative.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

e) **Offsetting Financial Instruments**

Financial assets and liabilities are offset and the net amount is reported in the Consolidated Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group and the Jointly Controlled Entity or the counterparty.

(x) **Fair Value Measurement**

The Group and Joint venture measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for asset or liability or in the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows:

- Level 1 — quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3 — inputs that are unobservable for the asset or liability

For assets and liabilities that are recognized in the consolidated financial statements at fair value on a recurring basis, the Group and the Jointly Controlled Entity determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

(xi) **Provisions, Contingent Liabilities and Contingent Assets**

Provisions are recognised when the Group and Joint venture has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. These are reviewed at each year end and reflect the best current estimate. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of Management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the and the Jointly Controlled Entity or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are neither recognised nor disclosed in the consolidated financial statements.

(xii) **Government Grant**

Government grants are recognised when there is reasonable assurance that the grant will be received and the Group and the Joint venture will comply with all the attached conditions. When the grant relates to revenue expense, it is recognised as an income on a systematic basis over the period necessary to match it with the expenses that it is intended to compensate. Government grant related to expenditure on property, plant &

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

equipment is included as cost of property, plant & equipment and is credited to the statement of profit & loss over the useful lives of qualifying assets or credited to the statement of profit & loss over the period in which the corresponding export obligation is fulfilled. Total grants availed less the amounts credited to the statement of profit and loss at the balance sheet date is included in the balance sheet as deferred income.

(xiii) Employee Benefits

(a) Short Term Obligations

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related service. The Group and Joint venture recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

(b) Post-Employment Benefits

(i) Defined benefit plan

The Group's net obligation in respect of an approved gratuity plan, which is defined benefit plan, is calculated using the projected unit credit method and the same is carried out by qualified actuary. The current service cost and interest on the net defined benefit liability/(asset) is recognized in the statement of profit and loss. Past service cost is immediately recognized in the statement of profit and loss. Actuarial gains and losses net of deferred taxes arising from experience adjustment and changes in actuarial assumptions are recognized in other comprehensive income in the period in which they arise.

(ii) Defined contribution plan

A Defined Contribution Plan is plan under which the Group makes contribution to Employee's Provident Fund and Employees State Insurance Contribution Fund administrated by the Central Government. The Group's contribution is charged to the Statement of Profit & Loss.

(c) Other Long-Term Employee Benefits – Compensated absence and earned leave

The liability towards leave salary which is not expected to be settled wholly within 12 months after the end of the period in which the employees render the related services is recognized based on actuarial valuation carried out using the Projected Unit Credit Method.

(xiv) Borrowing Cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized, if any. All other borrowing costs are expensed in the period in which they occur.

(xv) Income Taxes

Tax expenses for the year comprises current tax and deferred tax.

Current Tax

Current tax is the amount of income tax payable in respect of taxable profit for the year. Taxable profit differs from net profit as reported in the statement of profit & loss because taxable profit is adjusted for items of income or expenses which are taxable or deductible in other years and also for items which are never taxable or deductible under the Income Tax Act, 1961("the IT Act").

The 's and the Joint venture's liability for current tax is calculated using tax rates and tax laws that have been enacted by the end of reporting period.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit under the I T Act.

Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affects neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized. The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that have been enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in statement of profit and loss, except to the extent that it relates to items recognised in Other Comprehensive Income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(xvi) Segment Reporting

Operating segment is a component of an entity whose operating results are regularly reviewed by the Chief Operating Decision Maker (CODM) to make decision about resource to be allocated to the segment and assess its performance and accordingly information of two reportable segments (Wires & Cables and Consumer Electricals) have been disclosed.

(xvii) Employee Share Based Payment

Equity-settled share-based payments to employees are measured at the fair value of the employee stock options at the grant. The fair value determined at the grant date of the equity-settled share-based payments is amortised over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in the Standalone Statement of Profit and Loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the Share Option Outstanding.

The Company measures the cost of equity-settled transactions with employees using Black-Scholes model to determine the fair value of the liability incurred on the grant date. Estimating fair value for share-based payment transactions require determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant.

This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. The dilutive effect, if any of outstanding options is reflected as additional share dilution in computation of diluted earnings per share.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in Note 49.

(xviii) Statement of Cash Flow

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effect of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cashflows. The cash flows from operating, investing and financing activities of the Group are segregated.

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less to be cash and cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

For the purposes of cash flow statement cash and cash equivalents consist of cash and short-term deposits, as defined above.

(xix) Events after Reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions which existed at the end of the reporting period, the impact of such events is adjusted within the consolidated financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

(xx) Earnings per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity share outstanding during the period.

For the purpose calculating Diluted Earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xxi) Research and Development

Research and Development expenditure of a revenue nature is expensed out under the respective heads of account in the year in which it is incurred. Fixed assets utilized for research and development are capitalized and depreciated in accordance with the policies stated for Property, plant & equipment and Intangible Assets.

(xxii) Other Income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Export entitlements are recognized as income when right to receive credit as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

Dividend income is recognized when the Group's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of dividend can be measured reliably.

(xxiii) Recent pronouncements

Recent accounting pronouncements Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from 1-Apr-2022, as below:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

a) Ind AS 16- Proceeds before intended use

The amendments clarify that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the profit or loss but deducted from the directly attributable costs considered as a part of cost of an item of property, plant and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1,2022. The company has evaluated the amendment and there is no impact on its consolidated financial statements.

b) Ind AS 103- Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired, and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The company does not expect the amendment to have any significant impact in its financial statements.

c) Ind AS 37 - Onerous Contracts

Costs of Fulfilling a Contract The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (example would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification, and the company does not expect the amendment to have any significant impact in its financial statements.

The amendments are extensive, and the company is evaluating the same.

11.5 Terms/ rights attached to Equity shares:

The Group has only one class of equity shares having face value of ₹ 10/- per share. Each holder of equity shares is entitled to one vote per share. The dividend proposed by the Board of Directors is subject to approval of the Shareholders in the ensuing Annual General Meeting, except in the case of interim dividend.

As per the Companies Act, 2013 the holders of equity shares will be entitled to receive remaining assets of the Company, after the distribution of all preferential amounts in the event of the liquidation of the Company. The distribution will be in proportion to the number of equity shares held by the Shareholders.

11.6 Terms/ rights attached to Preference shares:

The Group has only one class of Compulsory Convertible Preference shares (CCPS) having nominal value of ₹ 1,080.33/- per share. These CCPS shall rank pari-passu in all respects (including with respect to dividend and voting rights) with the then-existing Equity Shares of the Company. Post conversion to equity, these CCPS shall have the same right as of the equity shareholders.

11.7 The Board of Directors of the Group, at its meeting held on September 06, 2018 had approved a proposal to buy back of upto 7,50,724 equity shares for an aggregate amount of ₹ 8,110.30 Lakhs (excluding tax on distributed income) being 3.11% of the total paid up equity share capital at ₹ 1,080.33 per equity share, which was approved by the shareholders by means of a special resolution in Extra Ordinary General Meeting held on September 11, 2018. A Letter of Offer was made to all eligible shareholders. The Group bought back 7,50,724 equity shares out of the shares that were tendered by eligible shareholders and extinguished the equity shares bought on October 31, 2018. The excess of cost of buy-back of ₹ 9,971.47 Lakhs (including ₹ 1,861.17 Lakhs towards tax on distributed income) over par value of shares was offset from Securities Premium ₹ 1,300.81 Lakhs, General Reserve ₹ 3,000 Lakhs and retained earnings ₹ 5,595.58 Lakhs. The company has transferred an amount equivalent to face value of ₹ 75.07 Lakhs from retained earnings to Capital Redemption Reserve in accordance with Act.

Note 35 : Employee Benefits

A) Defined Benefit Plan- Gratuity (Funded)

The employees' Gratuity Fund Scheme, is a defined benefit plan. The scheme is maintained and administered by Life Insurance Corporation of India (LIC) to which the Group makes periodical contributions. Under the said scheme, every employee who has completed at least five years of service usually gets gratuity on departure @ 15 days of last drawn salary for each completed year of service. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method.

The following table summaries the components of net benefit expense recognised in the statement of profit & loss and the funded status and amounts recognised in the balance sheet :

- ii) The estimates of rate of escalation in salaries considered in actuarial valuation, takes into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.
- iii) Discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for the estimated term of the obligations.
- iv) The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. The sensitivity analysis may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis the present value of defined benefit obligation has been calculated using the projected unit credit method.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

- (v) The company's Gratuity Fund is managed by Life Insurance Corporation of India. The plan assets under the fund are deposited under State and Central Government Securities, Money market instruments such as NCD / Bonds etc and in equity as mentioned below:

- (vi) Expected contribution of plan in next year is ₹ 00.00 Lakhs (P.Y. ₹. 00.00).
- (vii) The Company has purchased insurance policy, which is basically a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance Company as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in an increase in liability without corresponding increase in the asset)

B) Defined Contribution Plan - Provident fund and Employees state insurance

The Company makes its contribution along with the share of employees' contribution deducted from salary on monthly basis to Employees' Provident Fund and Employees state insurance corporation administered by the Central and state Government respectively. The Company's Contribution is charged to Statement of Profit & Loss. The Company has no obligation for any further contribution in case of any shortfall. The details of contribution are as under :

Note 37.1 Investment are not held for trading. Upon the application of Ind AS 109 - Financial Instruments, the Company has chosen to measure said investments in equity instrument at FVTOCI irrevocably as the management believes that presenting fair value gains and losses relating to the said investments in the statement of profit and loss may not be indicative of the performance of the Company.

Note 37.2 Investment in joint venture amounting to ₹1,637.31 Lakhs (31.03.2021 ₹1,637.31 Lakhs) are measured at cost in accordance with Ind AS 27 requirements. since the same is scoped out of Ind AS -109 for the purpose of measurement, the same have not been disclosed in tables above.

B) Fair Value Measurements

- (i) All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows:
- Level 1 — quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 — inputs that are unobservable for the asset or liability.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

(ii) The following tables provide the fair value measurement hierarchy of the Group's financial assets and liabilities:

Financial liabilities measured at fair value through profit or loss (FVTPL)				
Forward contract payable (Note 15)	39.87	-	39.87	

The carrying amounts of financial assets and financial liabilities measured at amortised cost in the financial statements are reasonable approximation of their fair values since the Group does not anticipate that the carrying amount would be significantly different from the value that would eventually be received or settled.

Management uses its best judgment in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Group could have realised or paid in sale transactions as of respective dates. As such, fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.

There have been no transfers between Level 1 and Level 2 for the years ended 31st March, 2022 and 31st March, 2021.

C) Financial Risk Management- Objectives and Policies

The Company is exposed to: (a) Market Risks comprising of Interest Rate Risk, Currency Rate Risk, Commodity Price Risk and Equity Price Risk (b) Liquidity Risk (c) Credit Risk comprising of trade receivable risk and financial instrument risk and. The Company has well placed Risk Management Policy (RMP). The policy provide broad guidelines to identify the risk arising from these factors and provide guidelines to the team for its mitigation or at-least minimize its effect on income / expense of the Group. Team involved in RMP meets frequently to discuss the level of risk they foresee based on the conditions persisting.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

The Group's exposure to Market Risk, Liquidity Risk and Credit Risk have been summarized below:

Market Risk :-

Interest Rate Risk:

Interest rate risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk on short-term and long-term floating rate interest bearing liabilities. The Company's policy is to maintain a balance of fixed and floating interest rate borrowings and the proportion of fixed and floating rate debt is determined by prevailing interest rates. These exposures are reviewed by the management on a periodic basis.

The exposure of the Group's financial liabilities to interest rate risk based on liabilities as at reporting date is as follows:

(₹ in Lakhs)

Particulars	Impact on profit before tax	
	2021-22	2020-21
Increase in interest rate by 100 basis points	520.20	497.72
Decrease in interest rate by 100 basis points	(520.20)	(497.72)

(Calculated based on risk exposure outstanding as of date and assuming that all other variables, in particular foreign currency rates, remain constant).

Foreign Currency Risk:

The Group is exposed to fluctuations in foreign currency exchange rates where transaction references more than one currency and/or where assets/liabilities are denominated in a currency other than the functional currency of the Company.

Exposures on foreign currency are managed through a hedging policy, which is reviewed periodically by the management. The Group usually enters into forward exchange contracts progressively based on their maturity to hedge the effects of movements in foreign currency exchange rates individually on assets and liabilities. The sources of foreign exchange risk for the Group are trade receivables, trade payables for imported materials & capital goods as well as foreign currency denominated borrowings. The policy of the Group is to determine on a regular basis what portion of the foreign exchange risk are to be hedged through forward exchange contracts.

The exposure of the Group's foreign currency risk based on unhedged exposure as at the reporting date is as follows:

(₹ in Lakhs)

Particulars	Impact on profit before tax	
	2021-22	2020-21
Increase in exchange rates by 5%	450.00	410.86
Decrease in exchange rates by 5%	(450.00)	(410.86)

Commodity Price Risk

The Company is exposed to the movement of copper and aluminium prices on the London Metal Exchange (LME). Any increase or decline in the prices of these commodities will have an impact on the profitability of the Company. As a general policy, the Company aims to purchase these commodities at prevailing market prices and also sell the products at price adjusted for prevailing market prices. The Company substantially ensures sale of products with simultaneous purchase of these commodities on back-to back basis ensuring no or minimum price risk for the Company.

Equity Price Risk

Equity price risk relates to change in fair value of investments in the equity instruments measured at fair value through OCI. As at March 31, 2022 the carrying value of such equity instruments recognised at fair value through OCI amounts to ₹ 4,055.61 Lakhs (P.Y. 31.03.2021 ₹ 2,345.85 Lakhs). The price risk arises due to uncertainties about the future market values of these investments and the same is classified in the balance sheet as fair value through OCI.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

A sensitivity analysis demonstrating the impact of change in the carrying value of investment in equity instrument as at reporting date is given below:

(₹ in Lakhs)

	2021-22	2020-21
Increase by 5%	202.78	117.29
Decrease by 5%	(202.78)	(117.29)

Liquidity Risk

Liquidity risk refers to the risk that the Group encounter difficulty in raising fund to meet its financial commitments. The objective of liquidity risk management is to maintain the liquidity and to ensure that funds are available for short operational needs and to fund Group's expansion projects. The Group has availed credit facility from the banks & financial institutions to meet its financial commitment in timely and cost effective manner.

The Group remains committed to maintaining a healthy liquidity and gearing ratio and strengthening the balance sheet. The maturity profile of the Group's financial liabilities based on the remaining period from the date of balance sheet to the contractual maturity date is given in the table below.

Credit Risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group is exposed to credit risk for trade receivables and financial guarantees to dealers, derivative financial instruments and other financial assets.

The Group assess the counter party before entering into transactions and wherever necessary supplies are made against advance payment. The Group on continuous basis monitor the credit limit of the counter parties to mitigate or minimise the credit risk. The credit risk for the financial guarantees issued by the Company to banks for credit facilities availed by Group's dealers from bank is minimum as those parties have long vintage with the Group and they are also subject to credit risk assessment by bank on periodical basis. The credit risk on export receivables are limited as almost all export sales are made to parties having a long vintage with the Company and new parties are subject to necessary due diligence.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

For trade receivables and financial guarantees, as a practical expedient, the Group computes credit loss allowance based on expected credit loss method. The movement in expected credit loss allowance is as under:

Particulars	(₹ in Lakhs)	
	As at 31.03.2022	As at 31.03.2021

Balance at the end of the year	3,420.27	3,600.98

Note 38 : Segment Information

The Group has presented data relating to its segments based on its financial statements. Accordingly, in terms of paragraph 4 of the Indian Accounting Standard (Ind AS 108) "Operating Segments", disclosures related to segments are presented.

Accounting Policy

Identification of segments

An operating segment is a component of the company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Group's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. The Board of directors monitors the operating results of all product segments separately for the purpose of making decisions about resource allocation and performance assessment based on an analysis of various performance indicators by business segments and geographic segments.

Segment revenue and expenses:

It has been identified to a segment on the basis of relationship to operating activities of the segment. The company generally accounts for intersegment sales and transfers at cost plus appropriate margins. Intersegment revenue and profit is eliminated at Group level .

Finance income earned and finance expense incurred are not allocated to individual segment and the same has been reflected at the Company level for segment reporting as the underlying instruments are managed on a company.

Segment assets and liabilities:

Segment assets and segment liabilities represent assets and liabilities of respective segments, however the assets and liabilities not identifiable or allocable on reasonable basis being related to enterprise as a whole have been grouped as unallocable. The accounting policies of the reportable segments are same as that of Group's accounting policies described. The company is organised into business units based on its products and services and has three reportable segments as follows.

Wire and Cable: Manufacture and sale of wires and cables.

Consumer electrical goods : Fans, LED lighting , switches, switchgears , water heaters, and domestic appliances.

Note 40: Right of use assets :-

i) The Group as a lessee

The Group's lease asset classes primarily consist of leases for buildings. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the co assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the co has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases), variable lease and low value leases. For these short-term, variable lease and low value leases, the co recognizes the lease payments as an operating expense on a straightline basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the co changes its assessment if whether it will exercise an extension or a termination option.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

ii) The Group as a lessor

Leases for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-to-use asset, and finance cost for interest accrued on lease liability.

iii) Others

- Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date
- Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application, variable lease and low value asset.
- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.
- Applied the practical expedient in the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.
- The effective interest rate for lease liabilities is 9.22% p.a., with maturity between 2021-2027.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022 (CONTD.)

Note 46: The Group's international transactions with associated enterprises are at arm's length, as per the independent accountant's report for the year ended 31 March 2021. The Management believes that the Group's international transactions with associated enterprises post 31 March 2021 continue to be at arm's length and that transfer pricing legislations will not have any impact on the financial statements, particularly on the amount of tax expenses for the year and the amount of provision for taxation at the year end.

Note 47: Financial statements are approved by Board of Director's in their meeting held on June 22, 2022.

Note 48: Estimation of uncertainties relating to the global health pandemic from COVID-19

The outbreak of Corona virus (COVID-19) pandemic is causing disturbance and slowdown of economic activity throughout the world and is impacting operations of the businesses, by way of interruption in production, supply chain disruption, unavailability of personnel, closure of production facilities etc.

The Company has made detailed assessment of its liquidity position for the next one year and of the recoverability and carrying values of its assets comprising property, plant and equipments, trade receivables, inventories, investments, and other current and non-current assets as at the balance sheet date and has concluded that there are no material adjustments required in the Standalone Financial Statements. Based on the forecasted cash flows, management believes that they will be able to discharge all their liabilities/obligations due in next one year. In evaluating the possible impact due to COVID-19, the company has used internal and external sources of information available till date.

Considering the nature of COVID-19, the Group will continue to closely monitor any material changes to future economic conditions.

Note 49: Employee Stock Option Plan

On November 10, 2020, pursuant to the approval by the shareholders in the EGM, the Board was authorized to create and grant from time to time, in one or more tranches, not exceeding 3,50,000 employee stock options to or for the benefit of such person(s) who are in employment of the Company, present and future, within the meaning of RRKL ESOP 2020 plan and eligible to receive such options under the Act, as may be decided under the RRKL ESOP 2020 plan, exercisable into not more than 3,50,000 equity shares of face value of Rs.10/- each fully paid-up, where one employee stock option would convert into one fully paid-up equity share of face value of Rs. 10/- each upon exercise, on such terms and in such manner as the Board / Committee may decide in accordance with the provisions of the applicable laws and the provisions of RRKL ESOP 2020 plan.

50% of the Options granted to a Participating Employee will be subject to time-based conditions ("Time Based Options") and the balance 50% of the Options granted to a Participating Employee will be subject to performance-based conditions ("Performance Based Options"). There shall be a minimum period of one year between the grant of Options and the vesting of such Options. Plan shall vest based on the achievement of defined annual performance parameters as determined by the administrator (the nomination and remuneration committee). The performance parameters will be based on budgeted target EBITDA. These instruments will generally vest between a minimum of one to a maximum of five years from the grant date.
